COMPANY PROFILE

About Us

Based in Southern California, Acesonic USA Inc. is the leading manufacturer of karaoke products, providing a diverse selection of high-quality karaoke equipment to enthusiasts all across the world. Since the company's inception in 2001, Acesonic has been supplying the most modern and innovative products while remaining competitive in our pricing. As a result, consumers have begun to equate our brand name with excellence as well as affordability.

This year Acesonic continues to offer a wide selection of karaoke players, mixers, amplifiers, speakers, microphones and other related accessories. Our 2010 product line is proud to introduce several new products which feature the latest in karaoke and audio technology.

Over the years, Acesonic has developed one of the best reputations in the business. Our commitment to upholding excellence and leadership in the karaoke industry is shared by every aspect of the company, from production to sales, as we strive to continuously expand and improve to meet the demands of an ever-growing karaoke market from now and beyond.

Join the "Ace" Team!
Become a dealer today!

Acesonic is always looking for new dealers and distributors. Karaoke is a fast-growing industry and the demand for quality, affordable karaoke hardware and software is as high as ever! Let us help you capitalize on this demand and convert opportunity into growth for your business.

MAP Policy

In order to maintain brand integrity and quality, Acesonic has established a Minimum Advertised Price (MAP) policy that authorized dealers must adhere to when advertising and marketing Acesonic products. All authorized Acesonic resellers must agree to the following MAP policy:

All advertised prices, including but not limited to print, broadcast, internet, billboard and other media formats, must be at or above Acesonic's MAP pricing. Our MAP pricing can be obtained through our designated Acesonic sales representative. Resellers are not required to list prices in advertising, however, if it is listed it must be at or above our MAP prices. While resellers are responsible for ensuring their advertised prices at or above MAP pricing, resellers are also free to set the actual resale price of Acesonic products however they wish.

Failure to comply with our MAP policy may result in loss of authorized reseller/ dealer status, either temporarily or permanently. The decision to revoke, suspend or terminate relationship with reseller for MAP policy violations will be at the sole discretion of Acesonic, and may occur without warning.

Drop Ship Policy

Acesonic is proud to offer drop shipping for our resellers to anywhere in the US and Canada, with no minimum order and a small drop ship fee. In stock items will ship within one (1) business day.

1 Year Warranty on all our products

CDG Disc to MP3G Ripping Capability

DGX-210

Multi-Format MP3+G Karaoke Player with Digital Recording & CDG to MP3G Ripping Function

DIGITAL RECORDING to an SD Card or USB Drive!

MULTI-FORMAT KARAOKE PLAYERS

Special Features:

- Convert CD or CDG to MP3 or MP3G for single tracks or entire disc!

Features:

- Plays most downloaded MP3+G format karaoke tracks.
- Compatible Formats: Audio CD, DVD-Video, VCD, CD+G, MP3+G, JPEG, MP3, MPEG4, WMA, DivX (3.~6.0), Xvid
- You can record your singing with a CD+G or MP3+G track and it will rip the graphic when it is recording.
 - You can "record" all your performances to the memory card. Once you are done recording, you can review your performance or send the track to your friends or post on-line.
- You can save your favorite songs to a USB device or SD card by ripping from a disc
- You no longer need an expensive PC and a special CD-ROM to convert your discs to MP3+G tracks
- With the CD+G to MP3+G converting function, you can rip and copy any of your favorite tracks to a memory card and you can keep it forever without the need of the original disc to play your track.
- MP3+G is the most popular downloaded karaoke format. It enables you to compress the file to about 10% of its original size and you can transfer and play on any PC. Most KJ/DJs also use this format for their gigs.

Specifications:

- Compatible with MP3, CD, VCD, CD+G, MP3+G, DVD
- Record singing while playing CD, VCD, CDG, MP3+G
- Create & Rename MP3+G files from CD+G, USB device or SD card
- 2 microphone inputs with individual volume control
- Professional karaoke mixer with echo volume adjustment
- +/- 6-Step key control
- Full function front panel design for easy operation.
- Video Signal: PAL/NTSC/AUTO
- Singing scoring game
- Progressive scan up to 720p HD video output
- Video output: Composite video, S-video, component video
- Audio output: 2 channel, 5.1 channel, optical and coaxial
- FDA approved
- Power AC 100~240V 50/60Hz
- Rack-mountable

Purchase an Acesonic 2GB or 4GB SD Card and receive a licensed copy of the Acesonic Power CD+G Player Pro for Windows so you can playback your MP3+G tracks on your PCs.

Package Includes:

- 1 Remote control
- RCA cable
- Rack-mount kit

Specifications may change without prior notice.

The Leader In Professional Sing-Along Equipment

DGX-209

Multi-Format MP3G Karaoke Player with Tempo Control

Special Features:

- **Tempo Control**- enables you to speed up or slow down tracks up to 28% without affecting the key. You can adjust the tempo of songs to match your speed and adjust the key separately, or save 33+ minutes when watching a 2 hour movie without changing the key or distorting the video.

Features:

- Compatible Disc: CD, CD+G, VCD, DVD, CD-R, CD-RW, DVD-R
- Compatible Formats: Audio CD, DVD-Video, VCD, CD+G, MP3+G, JPEG, MP3, MPEG4, WMA, DivX (3.* - 5.0), Xvid

- 4 Audio & Video Input Selection
- 4 RCA A/V Inputs & 2 RCA A/V Outputs
- Subwoofer reducer/ LPF
- Microphone Volume, Music and Effect Volume Control
- 11-Step Digital Key Control
- Support Digital S/PDIF Input (PCM 44.1 KHz, 48 KHz)
- 5 Preset Memory Settings to Store Your Favorite Audio/ Effect Settings
- Stereo sound balancing for irregular rooms
- Center speaker settings with volume control: mic, music, mic + music, or Auto Switch
- Auto Level/ Balancing for Music and Vocal
- Microphone Noise Gate
- RS232 Input for PC

Package Includes:

- 1 Remote Control
- Power Cable

1. Four A/V Inputs
2. Two A/V Outputs
3. SPDIF Digital Audio Input
4. Remote Extension
5. Banana Audio Outputs
6. RS232 to PC Connecting Port
7. Two Rear Microphone Inputs

AM-888

500-Watt Dual 32-Bit DSP
Karaoke Mixing Amplifier
with Echo / Reverb / BBE

MIXING AMPLIFIERS

Special Features:

- Uses the latest generation dual DSP 32bit processors
- Maximum 500 Watt Power Output
- Uses Yamaha YSS-205F DSP Advanced Stereo Key Controller Chipset

Features:

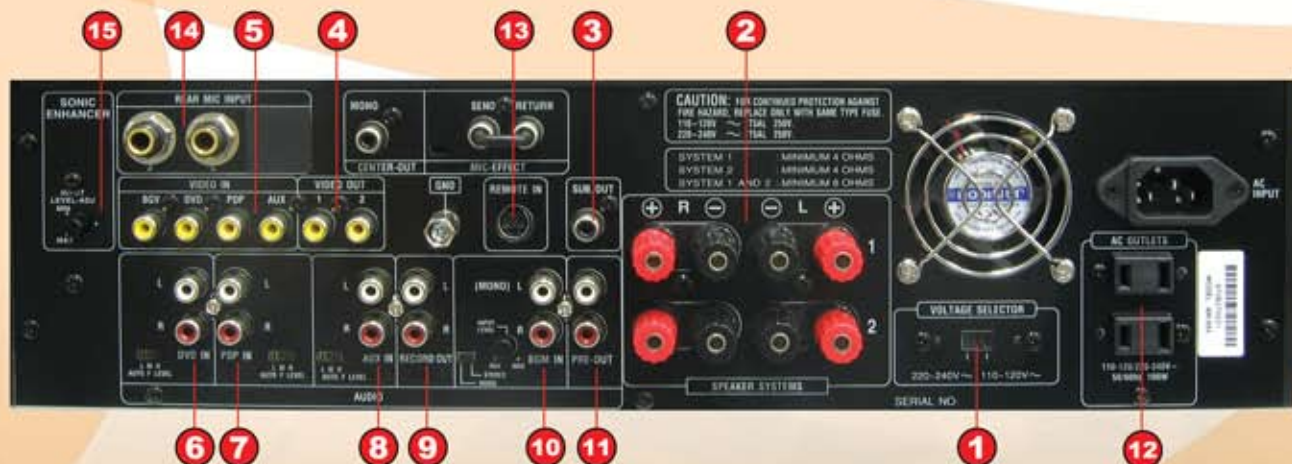

- Power output 150W + 150W (8ohms), 250W + 250W@ 4 Ohms
- 15-Step Key Controller
- On Screen Display for advanced settings
- Built-in high quality stereo digital echo
- 5 Microphone Inputs
- 4 pairs of banana speaker terminals (2 left + 2 right)
- Built-in BBE sound enhancement technology
- Dynamic range expander
- Large keypad Infrared remote controller
- Subwoofer output with subwoofer volume control
- Vocal Cancel (up to 90% of music) and Vocal Partner Function
- Echo Repeat, Echo Delay
- Reverb function
- 6 Types of DSP Sound Effects: 1. Echo, 2. Echo+Reverb, 3. Stereo Echo + Reverb, 4. Delay + Reverb, 5. Stereo Delay + Reverb, 6. Vocal Reverb

Specifications:

- 4 RCA Audio Inputs with automatic source selector capability
- 2 RCA Video Outputs
- 12 Bit A/D Converter
- 1 Microphone Effect terminal
- 1 Audio Pre-out Terminal
- 1 Recording output terminal for tape deck
- 1 Remote Input for remote extender
- 2 Switched Power AC Outlet
- 1 Remote Uplink (use BMB Code)
- 1 Background Video Input (BGV) Jack
- 2 Background Music Input (BGM) Jacks
- Background Music Input Level Control
- Mono / Stereo Input Switch
- Music Input sensitivity switch
- External Microphone Effect Jack (Input/Output)
- 1 Year Manufacturer Warranty
- 110 / 220 Voltage Input Selector

Package Includes:

- 1 Remote Control
- Power Cable

- | | | |
|------------------------------|------------------------|--------------------------|
| 1. Voltage Selector | 6. DVD Input Jacks | 11. Pre-Out Output Jacks |
| 2. Speakers Output Terminals | 7. PDP Input Jacks | 12. AC Outlets |
| 3. Sub Out Jack | 8. AUX Input Jacks | 13. Remote Input Jack |
| 4. Video Output Jacks | 9. Record Output Jacks | 14. Rear Mic Input Jacks |
| 5. Video Input Jacks | 10. BGM Input Jacks | 15. Input Level Adjuster |

Specifications may change without prior notice.

The Leader In Professional Sing-Along Equipment

10

AM-825

600-Watt Karaoke
Mixing Amplifier
with USB, BBE, and
Subwoofer Output

Special Features:

- PC to USB Interface for pure-digital simultaneous Playback and Recording (Windows XP and Vista)
- 2 Component Video Inputs and 1 Component Video Output for HD Video Signal
- Built-in BBE Sonic Maximizer for both vocal and music
- True Vocal Cancellation Function to remove up to 90% of lead vocal on any audio track
- Temperature-Active, Ultra-Low-Noise Fan for non-stop operation
- 4 Sets of Audio Outputs + USB to PC Recording Output

Package Includes:

- 1 Remote Control • USB Driver CD
- USB to PC Cable • Rack-mount Kit

Features:

- Total 4 Audio/Video Inputs: DVD/BGM/USB/AUX
- 2 Component Video Inputs: DVD/BGM
- 1 Component Video Output
- 1 RCA Audio/Video Output
- PC Video Input: RCA/S-Video
- Auto Input Selector
- L/R/Multiplex Channel Output
- Music Low, Mid, High, Balance, Volume Controls
- Microphone Delay, Repeat, Echo, Low, High Volume Controls
- Microphone Volume Controls for 3 sets of 2 microphones
- 6 Microphone Inputs
- Master Microphone Control
- Master Echo Control
- Master Volume Control
- 4x S-Video Input
- 4x RCA Input
- 2x Component Video Input
- 1x Component Video Output, RCA Output, S-Video
- 4 Audio Outputs
- 2 Banana Plug Speaker Connectors
- 2 SpeakOn Speaker Connectors
- Subwoofer Audio Out

Specifications:

- Integrated USB Audio Solution using C-Media CM106 Audio I/O Controller
- Maximum Output: 300W + 300W @ 8 Ohms Max
- RMS Output: 200W + 200W @ 4 Ohms RMS
- Microphone Input Sensitivity: <20mV
- Music Input Sensitivity: 250mV / 47K Ohms / 1kHz
- Microphone Frequency Response: 20Hz - 20 kHz / 3dB
- Music Frequency Response: 20Hz - 20 kHz / 3dB
- Microphone EQ characteristics: Treble: +/- 10dB (10kHz), Bass: +/- 10dB (100Hz)
- Music EQ characteristics: Treble: +/- 10dB (10kHz), Bass: +/- 10dB (100Hz)
- Key Control Range +/- 6 Half Tones
- Speaker Wattage Impedance: 4 Ohm - 8 Ohm
- Voltage: AC 115V - 230V Manual Select
- Weight: 33 lbs.
- 1 Year Manufacturer Warranty
- Designed in U.S.A.

- | | | |
|-------------------------------|---------------------|-----------------------|
| 1. AC 115V/ 230V Input Select | 7. Subwoofer Output | 13. Video Inputs |
| 2. AC 115V/230V Input | 8. Line Output | 14. Video Outputs |
| 3. Fuse | 9. Record Output | 15. USB to PC Inputs |
| 4. AC Unswitch Output | 10. Effect Loop | 16. Component Outputs |
| 5. Speakon Output | 11. Audio Inputs | 17. Component Inputs |
| 6. Microphone Output | 12. Audio Outputs | |

Versatile, Flexible
Matches perfectly with
any karaoke mixer!

**NEW for
2010**

AM-600

Professional 600 Watt
Dual Channel Amplifier

Specifications:

- Professional 600 Watt Karaoke Amplifier
- Two Channel Balanced/Unbalanced Inputs
- Individual Channel Volume Control
- Heavy Duty Design/ Rack Mountable

Package Includes:

- Power Cable

MIXING AMPLIFIERS

1. RCA Input
2. XLR Audio Output
3. Two 1/4" Inputs
4. Banana Audio Outputs

AM-190

300 Watt Karaoke
Mixing Amplifier

Features:

- 150W + 150W Max Power Output @8Ω
- 4 Audio & Video Source Selections
- Echo Effects - Echo/Echo Volume/
Echo Delay/Echo Repeat
- Mic Tone - Bass/Treble
- Music Tone - Bass/Treble
- Master Volume Control
- Multiplex knob on front panel
- 5 Microphone Inputs
 - 3 Front with individual volume control
 - 2 Rear
- ± 4 Step Key Controller
- Professional Microphone Mixer

Specifications:

- 300W Max @8Ω
- Dimensions (L x W x H): 18.9" x 17.7" x 8.27"
- Weight: 26.5lbs (12kg)

Package Includes:

- 1 Remote Control
- 2x AAA Batteries

VALUE LINE

where performance meets value

**NEW for
2010**

1. Remote Extension
2. Two Rear Mic Inputs (3 In Front)
3. Audio Input Gain
4. Four A/V Inputs
5. One A/V Output
6. Banana Audio Outputs
7. Three Unswitched Out

Specifications may change without prior notice.

The Leader In Professional Sing-Along Equipment

Amplifiers Perfectly Suited for Home Use!

**NEW for
2010**

AM-140

80 Watt Karaoke
Mixing Amplifier

VALUE LINE
where performance meets value

MIXING AMPLIFIERS

Front
AUX Inputs

Features:

- 80-Watts Max
- Four A/V inputs selector - One front input for easy connection
- Microphone volume control
- Microphone bass and treble control
- Microphone echo and delay control
- Music bass and music treble control
- Music balance control
- Two 1/4" microphone inputs
- Music effect bypass switch
- Dynamic sound enhancer - Enhance a full range of frequencies

- Loud on and Loud Off Switch
- Fully digital, Color LCD Display Screen
- Record line output and subwoofer output
- Dual banana speaker output

Package Includes:

- 1 Remote control
- RCA Cable
- 2 AAA Batteries
- Power Cord

Specifications:

- 40W + 40W Max power output @ 80
- 4 A/V Inputs
- RCA line and sub outputs
- 115V-230V power input selector for worldwide compatibility
- Power AC 115-230V 50/60Hz input
- Dimensions: 17"W x 5.75"H x 12"D

1. Three A/V Inputs
2. One A/V Output
3. Line Audio Output
4. Line Sub Audio Output
5. Banana Audio Outputs
6. AC 115V/ 230V Input Select

**NEW for
2010**

AM-125

50 Watt Karaoke Mixing Amplifier
with 4 Audio Inputs

MIXING AMPLIFIERS

VALUE LINE
where performance meets value

Features:

- 50-Watts Max
- Two ¼" microphone inputs
- LED status display screen
- LED digital volume meter
- Music bass and treble control
- Music balance control
- Master music volume control
- Microphone volume control
- Microphone tone control
- Microphone echo control
- Dual banana speaker connector output
- Virtual center and surround sound speaker output
- Four audio input selectors
- Sleek aluminum finish
- 1 Year Manufacturer Warranty

Specifications:

- 50-Watt max power output @ 8Ω
- 4 Audio Selector
- 110V AV Power 50Hz
- Dimensions (L x W x D): 17" x 3" x 11"
- Weight: 8.25lbs

1. Four Audio Inputs
2. Virtual Center/ Rear Left/ Rear Right Surround Sound Outputs
3. 8Ω Speaker Outputs

Specifications may change without prior notice.

The Leader In Professional Sing-Along Equipment

Powerful, Versatile, Heavy-Duty Mixers

**NEW for
2010**

KM-360

Professional DSP
Karaoke Mixer

KARAOKE MIXERS

Special Features:

- **Feedback Eliminator** - Suppresses feedback noise from speakers.
- **Vocal Eliminator** - Takes out up to 90% of vocals.
- **Music Volume Auto Leveling** - Boosts up audio when it's too low and decreases it when it's too loud.
- **Digital Effect Processor** - Powerful built-in Reverb and Echo Effects that can dramatically increase the quality of your performance.
- **3-Band Music and 5-Band Microphone Equalizer**
- **Microphone Noise Gate** - Auto-mute function enables your mixer to automatically turn off the microphone when it is not in-use.
- **Multiple-Channel Surround Sound Configuration** - additional audio signal outputs for center speaker (C), sub-woofer (S), and 2 rear speakers (SR)
- **5 Microphone Inputs with 2 XLR Input Connectors** - 3 microphone inputs in the front and 2 balanced audio connectors (XLR) for high quality microphone signal inputs from the rear
- **S/PDIF Digital Input** - Sends the purest audio signal to the mixer without any RF interference noise.
- **RS-232 Serial Port PC Interface** - Serial port for PC connections.
- **User Lock-Down Mode** - Prevents other users from changing any of your own settings.
- **Subwoofer Signal Control** - 3 powerful subwoofer settings to fine tune your subwoofer's performance.
- **Center Speaker and Rear Speakers Signal Control** - Enables you to independently control the volume of your center and surrounding speakers plus also control the balance between music and vocals.

Specifications:

- 11-Step Digital Key Controller with 1/2 Tone Per Step
- Support digital S/PDIF Input (PCM 44.1KHz, 48KHz)
- 4 RCA A/V inputs & 2 RCA A/V outputs
- 1 RCA Record output & 1 RCA Surround Sound Output
- 1 External Remote Control Signal Input
- 1 U Rack Mountable
- 1 Year Manufacturer Warranty
- Net weight: 8lbs
- Dimension: 16.75" (L) x 4.5" (W) x 1.75" (H)

- **Music and Microphone Balance** - Designed for you to compensate for irregular room configurations to achieve sound balance throughout the space.
- **Auto-Source Detection** - A built-in function that enables the mixer to automatically play music and video from one of the 3 available inputs.
- **4 Preset Memory Recall Buttons** - Save all of your optimal setting to one of the 4 preset memory buttons.
- **XLR Line Outputs** - Line outputs including Left, Right, Center and Subwoofer audio signal are using XLR Balanced Audio Connectors to preserve the cleanest signal to your professional amplifier.

Package Includes:

- 1 Remote Control
- Power Cable

1. Power
2. RS232 Port to PC Connector
3. Remote Extension
4. Four Video Inputs
5. Four Audio Inputs
6. Surround Sound Audio Output
7. Four XLR Surround Sound Outputs
8. Pre Audio Output
9. Two Video Outputs
10. SPDIF Digital Audio Input
11. SPDIF Digital Audio Input

Transform your PC or DVD player into a karaoke machine!

VALUE LINE

where performance meets value

KM-111

PC/DVD/MP4/Guitar
Karaoke Mixer with USB Port

boost sound performance simply by turning on the 3D Sound enhancer!

Special Features:

- **USB-to-PC Connection** - Play karaoke music from your PC and record your performance back to your PC using the USB port. Now you can sing on your PC and enjoy the best quality sound with no signal loss.
- **Windows XP and Windows Vista compatible only** - This device is plug and play; no need to install additional software.

Specifications:

- Two 1/4" Mic Inputs (front panel)
- Two XLR Balanced Inputs - Connect two XLR microphones, electric guitar, Piano Keyboard, or sound sources to the rear panel.
- One RCA Audio Input - Connect your music source from a PC, iPod, MP4 Player, or DVD Player.
- One RCA Audio Output - Connect music output to your TV, home theater, or stereo system.
- 115/230 Voltage Selection

Features:

- Two Individual Microphone Volume Control
- 3D Sound Enhancer
- Music Volume Control
- Microphone Treble Control
- Microphone Bass Control
- Microphone Echo Control
- Multiplex Function
- Headphone Output Jack
- Headphone Volume Controller
- Integrated USB Audio Solution using C-Media CM106 Audio I/O Controller. Even if you don't have a sound card for your computer, the KM-111 works as an external sound board via USB port that you can play and record your sound sources. You can connect a microphone and a headphone to the KM-111 Mixer and use it for Skype or making a phone call using MSN.
- Works as PC Sound Mixer. You can connect your headphone or computer speaker to the KM-111 to listen to music from your PC and use the knobs to adjust sound volume level and add 3D sound to your music enjoyment.

Package Includes:

- 1 FREE Karaoke DVD
- 1 Wired Mic
- Rack-Mount Kit

1. Mic 1, Mic 2 XLR Inputs
2. TV/ Amplifier/DVD/ PC/ MP3 Input Jacks
3. PC USB Port
4. Power Input
5. 115/230V Voltage Select

Specifications may change without prior notice.

The Leader In Professional Sing-Along Equipment

WE GOT THE POWER

BRINGING IT ON ANY OCCASSION!

NEW for 2010

SP-582 Diamond

250-Watt 10-Speaker, 3-Way Crossover Professional Speaker Set

Features:

- 3-Way full frequency output
- Professional sound quality, heavy-duty design
- Vented low frequency radiation
- Can be used as a monitor speaker
- Ceiling-mount and speaker stand mount compatible

Specifications:

- Frequency Response: 45-20kHz (+/- 3dB)
- Sensitivity: 98dB SBL (1w@1m)
- Normal Impedance: 8Ω
- Maximum Power Output: 250W + 250W @8Ω
- Crossover Frequency: 1.8KHz
- Drivers:
 - 2 x 10" Low Frequency
 - 4 x 3" High Frequency
 - 4 x 3" Intermedian Frequency
- Enclosure: 3/4" birch plywood
- Finishing: Black, rough spray paint
- Grill: Black iron netting
- Dimensions: 12" x 14.5" x 17"
- Weight: 30 lbs. each
- 1 Year Warranty

Perfect For Heavy-Duty Professional Use!

NEW for 2010

SP-580

120 Watt Heavy Duty Professional Speakers

Specifications:

- 120 Watt Max each
- 80W RMS each @8Ω
- 8" Woofer
- 3" Tweeter
- 2" Midrange
- Impedance : 8Ω
- Sensitivity : 90dB/W/M
- Dimensions: 11" x 17" x 10" each
- Weight : 20.5 lbs each

SP-280

120 Watt Karaoke Speaker System

NEW for 2010

Specifications:

- 120 Watt Max each
- 80W RMS each @6Ω
- 8" Woofer
- 3" Tweeter
- Ported Speaker Enclosure
- Dimensions: 17.5" x 11" x 10.5" each
- Weight: 17.25lbs each

VALUE LINE

where performance meets value

Specifications:

- 100 Watt Max each
- 60W RMS each @6Ω
- 6.5" Woofer
- 3" Tweeter
- Ported Speaker Enclosure
- Dimensions: 8.25" x 12" x 6.75" each
- Weight: 8lbs each

NEW for 2010

SP-265

100 Watt Karaoke Speaker System

VALUE LINE

where performance meets value

SP-450

300 Watt Professional Karaoke Speaker System

Features:

- Maximum Input power Input: 300W each for greater output requirements
- Type: 2-way, 3-speaker Bass-Reflex Type
- Attractive three-dimensional curved design
- Banana Plug connector style interface
- Ceiling-mount and speaker stand mount compatible

Specifications:

- Speaker: 10" cone-type (Woofer), 3" cone-type (Tweeter)
- Frequency Range: 55Hz-20kHz
- Impedance: 2 - 8Ω
- Sensitivity: 92 dB
- Dimension: 20.27"L x 11.4"D x 11.8"H

SA-212

200 Watt Powered Subwoofer System

Features:

- 200 watts of booming bass
- 10" long-throw woofer to reproduce low frequencies
- Highly detailed bass response to 40Hz
- 40Hz-180Hz adjustable crossover for variable low-pass filtering
- High-level audio inputs/outputs
- Line-level RCA
- Inputs/Outputs. Works as an amplifier!
- Support Dolby 5.1 Channel subwoofer input
- Input Signal adjustment
- Phase Switch For Correct
- Speaker Phasing
- Auto Power Saving

Specifications:

- Subwoofer Output Power: 200W
- Input Impedance: 47K
- Input Sensibility: 300mv
- Maximum Input Signal: 2Vp-p
- Signal-to-noise: 90dB
- Frequency Response: 20Hz-200Hz

Speakers Accessories

SS-689

Professional Heavy Duty Speaker Stands (Pair)

- 2 Steel Constructed Universal Mounting Bracket Included
- Height: 36"-72"
- Weight: 15 lbs each
- Load Capacity: 88lb (40Kg) ea

CA-B615

15 FT - 18 AWG Banana - 1/4" Speaker Cable

- Industry standard banana connector to 1/4" connector
- Works with all speakers requiring banana 1/4" connection
- 15 ft length
- 18 AWG high performance speaker cable provides the highest fidelity
- Can handle in excess of 600 watt outputs
- Extra rubber insulation to avoid crosstalk and damage

BB-815

15 FT-18 AWG Speaker Cable with Dual Banana Connector

- Industry standard banana connector to 1/4" connector
- Works with all speakers requiring banana 1/4" connection
- 15 ft length
- 18 AWG high performance speaker cable provides the highest fidelity
- Can handle in excess of 600 watt outputs
- Extra rubber insulation to avoid crosstalk and damage

QQ-215

15 FT-12 AWG Speaker Cable with 1/4" to 1/4" Jack Connector

- Industry standard 1/4" to 1/4" male connector
- 15 ft length
- 12 AWG high performance speaker cable provides the highest fidelity
- Can handle in excess of 600 watt outputs
- Extra rubber insulation to avoid crosstalk and damage

NB-901

Speaker Mount

- Provides ceiling or wall mounting for speakers
- Compatible with most speakers
- Wall Mounting Screws are not included
- Speaker mount can be used for both ceiling and wall mount

Specifications may change without prior notice.

ENJOY PURE ENTERT

UHF-2932

Dual Rechargeable 32-Channel UHF Microphone System with Infrared Sync

Features:

- UHF Wireless Microphone System
- Switchable, 16 Channels per Microphone (32 Total Channels)
- Microphone and Receiver Channels Auto-Sync via Infrared
- Two High Sensitive Microphones with LCD Indicators
- Noise Reduce Technology
- Uni-Directional Rechargeable Battery Design
- Dual Channel LCD Display
- Rack Mountable (2 machines are needed to fit rack-mount.)

Specifications:

- | | | |
|---|---|--|
| <ul style="list-style-type: none"> • Frequency Band: UHF • Receiver: Dual Channel PCB Module • Frequency Range: 610-700 MHz • Frequency Stability: PLL • F/N Ratio: 80dB • P/N Ratio: 80dB • Audio Output: 1/4", 3-pin XLR • Antenna: 2TNC PLUG Ω | Transmitter <ul style="list-style-type: none"> • Frequency Range: 780-850 MHz • Frequency Stability: PLL • Modulation Mode: FM • Adjustment Depth: 35 KHz (Max) • Transmitting Power: \leq 10dBm RF • Squelch: $>$50dB • Battery: 1.5V* AA x2 per microphone | System <ul style="list-style-type: none"> • Frequency Response: 50-20,000 Hz • S/N Ratio: 100dB • T.H.D: 0.8% • Operating Distance: 100M • Working Range: <ul style="list-style-type: none"> - 60M under typical conditions - 80M line-of-sight, outdoor • Power: DC 12V |
|---|---|--|

Package Includes:

- 1/4" Cable
- 2 Power Cables
- 2x Antennae
- Rack Mount Kit
- Charging Base
- 2 AA Rechargeable Batteries

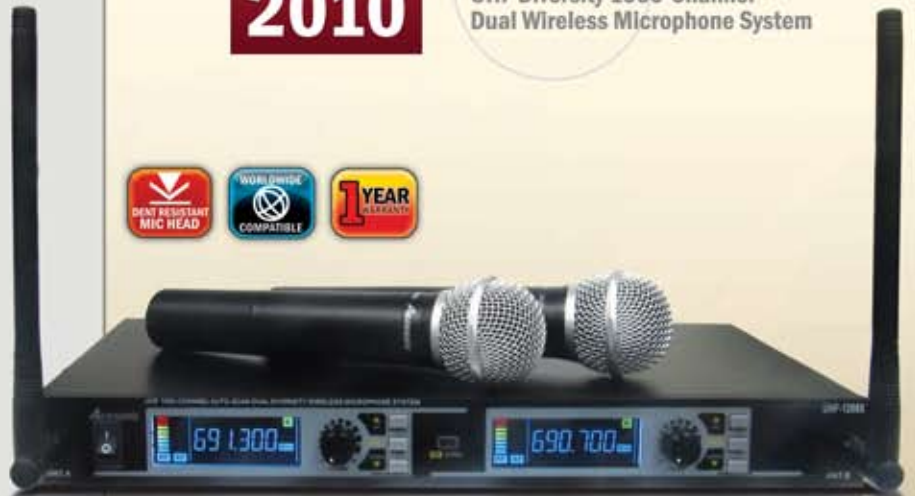

Special Features:

- **UHF 1000 Channels**
1000 selectable channels in the UHF 668-693MHz range
- **Auto-Channel-Scan Function**
Built-in intelligent circuit that can scan the entire 1000 channels to identify the cleanest possible channel for you to use.
- **Infrared-Channel-Sync Function**
Sets your microphone to match the same channel as the receiver
- **Diversity Receiver**
Two separate antennas and two separate tuners
- **Rack-mountable and Front-Antenna Design**
Receiver can be mounted inside any 19" rack case
- **One Button Microphone Operation**
No hassle of too many buttons for simple user friendly operation
- **Module Removable Microphone Head**
- **Dual LCD Status Display**
Informs status on each microphone's Signal Strength, Audio Level, Operation Frequency.
- **Dual Identical Microphone Design**
Design allows you to carry only 1 spare microphone for backup if either microphone becomes inoperable.

NEW for 2010

UHF-1208X

UHF Diversity 1000-Channel Dual Wireless Microphone System

AINMENT FREEDOM!

NEW for 2010

UHF-4000

Professional 4-Channel Module Wireless Microphone System

Special Features:

- **Rack-mountable and Front-Antenna Design**
Wireless receiver can be mounted inside any 19" rack case
- **Four Independent Modular Design**
4 receiver module is a Field Replaceable Unit that can be quickly and easily removed and replaced by the user
- **2 Different Frequency Sets**
Use a total of 8 microphones simultaneously without frequency interference

Package Includes:

- 4 Wireless Microphones
- 2 Antennas
- Power Adaptor
- 1/4" Microphone Cable
- Rack Mount Kit

Features:

- 4 Replaceable Receiver/Transmitter Modules
- 4 Microphone Outputs with Individual Volume Controls
- UHF Band Quartz Lock for Drift Free Operation
- Receiver Power/RF/AF & Microphone Low Battery Indicators
- Front Antenna Provides Clear RF Reception
- 4 Individual XLR Mic. Outputs and 1 1/4" Mixed Output

Specifications:

Transmitter

- Carrier Wave Frequency Range: UHF 668-692MHz
- Oscillation Mode: Quartz controlled Fixed Frequency
- Carrier Wave Stability: 10PPM
- Switching Bandwidth: 24MHz
- Sensitivity: -105dB @ sinad=12dB
- S/N Ratio: >105dB
- T.H.D.: <0.5% @ 1KHz
- Image Rejection: 85dB typical
- Spurious Rejection: 75dB typical
- Frequency Responses: 40Hz-18KHz
- Working Distance: 200 feet
- Squelch Control: dual-squelch circuit

Features:

- Professional UHF Diversity wireless Microphone system
- 1000 Switchable channels with auto channel selection function
- Two high sensitive microphones with noise reduction technology
- Individual volume control
- Dual channel information LCD display
- Front antenna provides clear RF reception
- Easy IR syncing for quick channel matching
- Rack mountable (Kit Included)

Specifications:

Receiver

- Carrier Wave Frequency Range: UHF 668-692MHz
- Oscillation Mode: Phase-locked Loop controlled
- Carrier Wave Stability: 10PPM
- Switching Bandwidth: 24MHz
- Frequency Space: 25KHz
- Sensitivity: -105dB @ sinad=12dB
- S/N Ratio: >105dB
- T.H.D.: <0.5% @ 1KHz
- Image Rejection: 75dB typical

- Spurious rejection: 85dB typical
- Frequency Responses: 40Hz-18KHz
- Working Distance: 200 feet
- Squelch Control: dual-squelch circuit
- Transmitter (Handheld)
- Transmitter Power: 30mW
- Spurious emission: <40dB (with carrier)
- Display: LCD
- Battery Voltage: 1.5v x2

- Transmitter (Body-Pack)
- Transmitter Power: 30mW
- Spurious emission: <40dB (with carrier)
- Display: LCD
- Battery Voltage: 1.5v x2

Package Includes:

- UHF 1000-Channel Receiver
- 2 Wireless Microphones
- 2 Antennas
- Power Adaptor
- Microphone Cable
- Battery AA x 4
- Rack Mount Kit

Specifications may change without prior notice.

VHF-8008

Dual Rechargeable Wireless Karaoke Microphone System

Features:

- Built-in Charger base
- Individual Microphone Volume Control
- Dual Wireless Microphone
- VHF Modulation

Package Includes:

- 1/4" Cable
- Rack Mount Kit
- Power Cable
- 4 AA Rechargeable Batteries

Specifications:

Receiver

- Receive Mode: Crystal Frequency Lock
- Frequency Range: VHF Band (180 - 250 Mhz) Quartz lock for Drift free operation
- Frequency Stability: 15 PPM
- Sensitivity: 3uV 30dB S/N
- Signal to Noise Ratio: 60dB
- Audio Output: 0 - 0.5V/4.7K
- Power: AC 90/240(10%)

Transmitter

- Frequency Range: VHF Band (180 - 250 Mhz) Quartz lock for Drift free operation
- Frequency Stability: 15 PPM
- Modulation Mode: FM
- Modulation Depth: 10 KHz
- Emission Power: 30 mV MAX
- Harmonic Suppression: 40dB
- Battery: AA
- Antenna: Built in
- Battery current: 25 - 30 mA

System

- Frequency Range: VHF Band (180 - 250 Mhz) Quartz lock for Drift free operation
- Frequency Stability: 0.005%
- Modulation Mode: FM
- Frequency Response: 50-16000Hz
- Signal to Noise Ratio: >60dB
- Maximum Sound Pressure: 120dB
- Distortion factor: 1%
- Effective Field: 30m
- Operation Temperature: 10 C - +5010 C

VHF-1000

Rechargeable Wireless Microphone

Features:

- Professional VHF Wireless Microphone System
- VHF Band Quartz Lock for Drift Free Operation
- 1 Wireless Handheld Microphone with Enhanced Muting, Noise Reducing Functions
- Included Rechargeable Li-ion 9V 580mAh Battery with no memory effect
- Included 1 Hour Ultra Fast 9V Battery Charger good for any 9V Batteries
- Battery Life Last up to 12 hours per charge!
- Individual Volume Control for Precise Vocal Balancing
- Antenna Provides Clear RF Reception
- 1/4" Unbalanced Output

Specifications:

- Frequency range: VHF band (180 - 300MHz) Quartz lock for drift free operation
- Up to 100 ft of operational range
- Frequency stability: 15 PPM
- Sensitivity: 3uV
- Signal to noise ratio: 60dB
- Max sound pressure >=120dB
- Battery: 9V
- Dimension (LxWxH) of receiver: 6" x 4" x 1"
- Weight: 3lbs

Available in two frequencies. Please order either the red or blue band that's different color. If you are ordering 2 microphones, please select "One of Each" frequency.

SX-88

SoundMax Legendary Vocal Microphone

Features:

- Frequency response tailored for vocals with brightened midrange and bass rolloff
- Uniform cardioid pickup pattern isolates the main sound source and minimizes background noise
- Pneumatic shock-mount system cuts down handling noise
- Supplied with break-resistant stand adapter which rotates 180 degrees
- On/Off Switch

Specifications:

- Type: Dynamic (moving coil)
- Frequency Response: 50 to 15,000 Hz
- Polar Pattern: Unidirectional (cardioid)
- Open Circuit Voltage: -54.8 dBv (1.85 mV)
- Impedance: 150 (300 actual)
- Polarity: Positive pressure on diaphragm produces positive voltage on pin 2 with respect to pin 3
- Connector: 3-pin professional audio connector (male XLR type)

Package Includes:

- 14ft Microphone Cable (XLR-to-1/4")
- 1/4" to Mini Jack Adaptor

PX-88

PerformMax Professional Dynamic Vocal Microphone

HM-708

Professional Microphone with Volume Controller

Features:

- On and Off Switch
- 3 Level Volume Controller
- Sensitivity - 72.5 dB
- Frequency Response 50Hz - 16KHz
- Impedance: 600
- Cardioids polar pattern picks up the most sound from in front of the microphone and some sound from the sides.
- Steel mesh ball grille with integral "pop" filter reduces explosive breath sounds and wind noise

Package Includes:

- 15ft Microphone Cable (XLR-to-1/4")
- Deluxe Microphone Carrying Case

MP-702

Wired Microphone

VALUE LINE

where performance meets value

Features:

- Type : Hyper - Cardioid
- Frequency Response : 60Hz - 13,000 Hz
- Impedance: 400 ohms
- Sensitivity : -74dB +/- 3dB
- Sound Pressure Level : More than 130 dB(SPL)

Package Includes:

- 14ft Microphone Cable (XLR-to-1/4")
